

Risk Management Policy

The Revised Risk Management Policy is currently on public exhibition. Submissions will be received until close of business **Tuesday 12 September 2023.** Submissions must be addressed to:
Business Manager Governance
council@goulburn.nsw.gov.au

POLICY OBJECTIVE

This policy establishes the commitment of Goulburn Mulwaree Council (Council) to provide effective Risk Management culture and activities, and governance practices to support the delivery of its functions and activities.

LEGISLATIVE PROVISIONS

- *Local Government Act 1993*
- *Local Government (General) Regulation 2005*
- Guidelines for Risk Management and Internal Audit for Local Government in NSW, NSW Office of Local Government
- AS ISO 31000:2018 Risk management – Guidelines
- ISO Guide 73:2009 Risk management – Vocabulary
- ISO 31010:2009 Risk management – Risk assessment techniques.

SCOPE

This policy applies to all areas of Council operations and includes all Executives, staff, contractors and volunteers undertaking any function for, or on behalf of, Council.

This Policy is one component of a broader Risk Management Framework that also includes the Risk Management Plan and Risk Management Procedure.

POLICY STATEMENT

Council recognises that the purpose of risk management is the creation and protection of value and is committed to managing risk to improve performance, encourage innovation and support the achievement of objectives. This understanding is reflected in the following characteristics adopted by Council:

- Risk management practices encompass the entire organisation, creating connections to avoid silos.
- Risk management strategies address the full spectrum of risks and are appropriately scaled to reflect situational context and complexity.
- Risk management approaches encompass risk scenarios and the interaction of multiple risks rather than considering single events.
- Risk management practices are integrated into business culture and procedures to ensure that strategy and decision-making evolve from a risk informed process.
- Risk management philosophy focuses on acceptable risk action rather than on risk avoidance.

Council is committed to managing risk within Council's risk appetite by identifying, analysing, evaluating and treating exposures that may impact on Council achieving its objectives and/or the continued efficiency and effectiveness of its operations.

Council will incorporate risk management into its planning and decision-making processes and subsequently into its business execution.

Council's risk management process will be aligned to relevant standards and best practice in a manner that aligns with the organisations' culture and maturity.

Council staff will implement and embed the risk management process into Council's business practices to reinforce their decision-making responsibilities and accountability.

Council is committed to ensuring that all staff, particularly those with management, advisory and decision-making responsibilities obtain a sound understanding of risk management principles and the requisite skills to implement risk management effectively.

Council will regularly monitor and review the status of its risk culture throughout the organisation as a basis for continuous improvement.

Policy Background and Context

For any organisation, risks exist in all aspects of its strategies, goals, objectives, undertakings and/or operations. ISO 31000 defines risk as the '*effect of uncertainty on objectives*'. This effect can be a positive or negative deviation from expected pathways or outcomes.

The effective implementation of a Risk Management Policy, as a part of a broader Risk Management Framework, will ensure that the management of risk is seen as the normal operating standard for good decision-making. This will facilitate confidence in understanding:

- which risks to take/accept for the benefit of Council ,
- which risks to avoid to prevent adverse impact on Council , and
- how to manage the most risk effective path towards achieving *Council* 's strategic goals.

To achieve strategic objectives, it is essential that Council manages the threats and opportunities associated to those objectives. This in turn will see Council recognised for the excellence of its services and for the strength of its partnerships with the Goulburn Mulwaree Community, customers, employees and stakeholders. Consequently, Risk Management must be championed from the CEO, overseen by the Audit, Risk and Improvement Committee, implemented by the Executive Management Team, and actioned in all operations at all times by Management.

Accountabilities and Responsibilities

The roles and responsibilities for Risk Management at Council are specified in this policy, committee charters and individual position descriptions.

Position	Accountabilities and Responsibilities
Mayor and Councillors	<ul style="list-style-type: none"> • Accountable for the oversight of Risk Management • In consultation with the Executive Management Team and the Audit, Risk and Improvement Committee (ARIC), the Mayor and Councillors will: <ul style="list-style-type: none"> – Endorse Council 's appetite for taking and/or retaining risk – Set Council's strategy with consideration of the risk appetite and the threats and opportunities to Council from that strategy. – Set the strategic goals required to achieve the strategy and clearly articulate the critical success factors in achieving those strategic goals. – Articulates, the strategic risks (threat and opportunity) to Council from the objectives and strategy. • Require the Executive Management Team to actively manage strategic risks and report frequently on their status. • Recognise their responsibilities for making informed decisions that take into consideration the associated risks and opportunities. • Actively support the implementation of the Risk Management Policy and Plan.
